WABC RADIO abc

July 8, 1971

Mr. Kermit Geary
R. D. 2, Box 298
Walnutport, Pennsylvania 18088

Dear Mr. Geary:

This is to confirm your reception of WPLJ, 95,5 Mhz, on Tuesday, June 29, 1971.

I am not sure which department was most pleased with your report, engineering or programming! We were both most appreciative as we feel our work with installing new compression and limiting equipment in our line recently has paid off.

Our power output is 4.6KW ERP. Our 5KW transmitter feeds a circularly polarized antenna at 1300' on the Empire State with 4.45 kilowatts.

Thanks again for the nice report.

Sincerely,

Winston H. Loyd
Chief Engineer
WABC RADIO
